

**--- 1/2 Pound - Toronto Division - Red Warehousing stamps - 63 x 47 mm. - 1874-1883 ---**

[ Chris Ryan, "Canadian Revenue Newsletter", No. 39, of May 2002 ]

"In September of 1869, the square BOX and CADDY excise stamps were supplemented by twelve new stamps in six denominations for consumption (black) and for warehouse (red). The denomination of these items represented the maximum weight of tobacco to which they could be affixed. Unlike other BABN tobacco stamps in use up to that time, the new denominated stamps were produced from steel plates (intaglio).

The *small* stamp was initially issued in denominations of one-quarter, one-half and one pound. In February of 1880 a one-tenth pound stamp was prepared for use in the Windsor Division. The duty collected by these stamps was to be the full amount represented by their denomination, regardless of the actual weight of tobacco in the package.

In September 1874 the Revenue Department authorized the preparation of the first Division-specific stamps for manufactured tobacco. These stamps bear the printed name of the Revenue Division and signature of its Collector in the spaces previously left blank to be filled in by hand or rubberstamp. The first of these personalized stamps were prepared for use in Montreal and Toronto. It is surmised that similar stamps for other Divisions were subsequently introduced overtime as warranted by numbers used."

Chris Ryan reports in the "Canadian Revenue Newsletter", No.41, of March 2003 that all CADDY and BOX stamps were discontinued as of July 1st 1883. At that time they were probably recalled for destruction.
